Our goal is to ensure that Area Counsellors are an asset to each and every community around Otty Lake. They are the communication link between the OLA Board and the lake residents. They provide OLA updates, support the Spring Information Packages, answer questions, seek clarification on key issues and welcome new residents. They are ambassadors.

If you live in Area 3B (the NE section of Colin Farmer Road), Area 8 (Carson's Bay to Maple Glen) or Area 9 (Burgesswood to Carson's Bay) and are interested in supporting your area's involvement in a strong and healthy lake, please consider participating as an Area Counsellor. Email your interest to Gail Read at read2read@outlook.com
